Professor William Parry

CLASSIFYING PROBLEMS IN  
ERGODIC THEORY

*THURSDAY, 18th APRIL, 1974, at 5 p.m.*

KING'S COLLEGE,  
STRAND,  
LONDON WC2 R2LS  
01-836 5454

---

*Tea will be served at 4.30 p.m.*

# LMS NEWSLETTER

April 1974

## FORTHCOMING MEETINGS

Friday, May 17th at Swansea: D. McDuff and A. M. Davie.

Friday, June 28th at St. Catherine's College, Oxford: J. F. Adams.

It was unfortunate that the place of the

February meeting had to be changed at short notice. In the future, any last-minute change in the arrangements for the meetings of the Society will be advertised in *The Times* (under Lectures and Meetings) on the day preceding the date announced in the *Newsletter*. J. L. BRITTON

## DURHAM SYMPOSIA

It is a pleasure for me to announce that it has proved possible to reduce the registration fee from £20 to £5. This applies to both the symposium on Global Riemannian Geometry, July 11th-22nd and the sym-

posium on Functional Analysis and Stochastic Processes, July 22nd-August 2nd, 1974. These symposia were advertised in the *Newsletters* of December and February respectively. T. J. WILLMORE

## JOINT I.M.A. AND L.M.S. SYMPOSIUM

The Institute of Mathematics and its Applications and the London Mathematical Society are organising a joint symposium on Mathematical Economics on June 7th, 1974. The symposium will be held in the Lecture Hall of the British Museum (Natural History), Cromwell Road, London SW7 5BD. Speakers include Professor F. H. Hahn, Professor A. Kirman, J.-M. Grandmont, Dr. N. Stern and Professor W. M. Gorman; the Chairman being

Professor C. A. Rogers.

The charge to I.M.A. and L.M.S. members is £4.40; this includes coffee, lunch and tea. Places may be reserved now by sending the remittance to The Secretary, I.M.A., Maitland House, Warrior Square, Southend-on-Sea, Essex SS1 2JY; please state your name and address and the institution at which you are employed. A leaflet is available from the Secretary or the undersigned. J. L. BRITTON

## JOINT L.M.S. AND R.I.A. MEETING

A joint meeting of the London Mathematical Society and the Royal Irish Academy will take place in Dublin during the period September 17th-19th, 1974. The subject is "Probability and the physical sciences".

Further details will be announced in a later *Newsletter*.

The meeting is being organized by Professor J. F. C. Kingman and Professor J. T. Lewis. J. L. BRITTON

## L.M.S. POSTERS

A poster advertising the April, May and June meetings is in preparation. There have been two previous posters. If your depart-

ment does not appear to be receiving posters, please would you let me know.

J. L. BRITTON

## JOURNAL OF APPLIED PROBABILITY

The 1974 prices for this journal are £4.25 for L.M.S. individual members and £12.75 for L.M.S. corporate members.

The 1975 prices will be £5.10 and £15.30 respectively.

J. L. BRITTON

## SOME RECENT A.M.S. PUBLICATIONS

1. AMS Translations (Series 2), Vol. 103: *Nine papers in Analysis*. ISBN 0-8218-3053-0; pp. 208; list price \$17.70, member price \$13.28.

2. *Proceedings of Symposia in Pure Mathematics*, Vol. 26: Harmonic analysis on homogeneous spaces (edited by C. C. Moore). ISBN 0-8218-1426-5; pp. 480; list price \$32.60, member price \$24.45.

3. AMS memoirs, No. 139: *The Lebesgue-Nikodym theorem for vector-valued Radon measures*, by E. Thomas. ISBN 0-8218-1839-2; list price \$3.20, member price \$2.40.

4. AMS Memoir, No. 140: *Product formulas, nonlinear semigroups, and addition of unbounded operators*, by P. R. Chernoff. ISBN 0-8218-1848-6; list price \$3.30, member price \$2.48.

5. AMS Memoir, No. 138: Unitary representations on partially holomorphic cohomology spaces, by J. A. Wolf. ISBN 0-8218-1838-4; pp. 156; list price \$3.60, member price \$2.70.

Members of the London Mathematical Society should note that the above-quoted "members' prices" are those applicable to AMS members, and so to LMS members who are AMS reciprocity members.

D. A. BRANNAN

## OTHER MEETINGS

1. NATO Advanced Study Institute on the "Theory and application of differential games", University of Warwick, August 27th-September 6th, 1974. Applications required before May 31st. Further details and application forms: Professor P. C. Parks, Control Theory Centre, University of Warwick, Coventry CV4 7AL.

2. International symposium on "Interval mathematics", University of Karlsruhe, May 20th-24th, 1975. Details: Professor Karl Nickel, Institut für Praktische Mathematik, Universität Karlsruhe, Karlsruhe 1, Postfach 6380, Germany.

3. International Colloquium, Luxembourg, May 17th-18th, 1974. "Mathematics and reality" (Speakers Dieudonné, Gonsens, G. Hirsch, Menschowski, Thom). Information: J.-P. Pier, Séminaire de

Mathématique, Cours Universitaires (Sciences), Place Auguste-Laurent, Luxembourg.

4. There will be an International Conference on Representations of Algebras at Carleton University on September 3rd-7th, 1974 (i.e. after the ICM). For information please write to the ICRA Secretary, Carleton University, Colonel By Drive, Ottawa 1, Canada.

5. The 1974 European meeting of Statisticians and the 7th Prague conference on information theory, statistical decision functions and random processes will be held in Prague on August 18th-23rd, 1974. For information please write to The Secretary of EMS, Institute of Information Theory and Automation, Vyshehradská 49, CS-12848 Praha 2, CSSR.
