

LMS Undergraduate Summer School 2022

LONDON
MATHEMATICAL
SOCIETY
EST. 1865

Nomination form for the LMS Undergraduate Summer School 2022

As part of its role in sustaining the mathematical community, the London Mathematical Society has introduced Undergraduate Summer Schools. The aim is to introduce to modern mathematics the best UK Maths undergraduates, who are about to enter their final year of study, and to make them think seriously about an academic career at that stage.

The Summer Schools will be a combination of short lecture courses with problem solving sessions and colloquium style talks from a range of leading mathematicians. The 2022 Summer School will be held between 15-26 August 2022 at the Heriot-Watt University and the University of Edinburgh.

The Summer School will be limited to 50 undergraduate participants. Participants will be students on mathematics programmes who are entering their final year of study in autumn 2022. The final selection of participants will be made by the Local Organising Committee on the recommendation of the Head of Department and/or LMS representative.

If you would like to participate, please discuss this with your Head of Department, and then complete this form and return it, together with a copy of your academic transcript to date, to your Head of Department or LMS Representative (<https://www.lms.ac.uk/membership/lms-representatives>) who will forward nominations to the LMS.

Nominations should be received by **1 July 2022** and should be sent to lmssummerschool@lms.ac.uk. Institutions are asked to send their nominations with a cover letter that ranks their nominees and to send nominations and transcripts in either Word or .PDF format.

NOMINATION FORM

Personal details

Family name	
Given name	
Expected Date of Graduation (month/year)	
Gender	
Home university	
Degree course and subject(s) e.g. MMath, BSc Mathematics	
Mobile telephone no.	
Email	

Personal statement

Please explain why you would like to participate in the summer school, and describe some piece of mathematics which you found particularly exciting.

Please limit this section to not more than a third of a page of A4.

Privacy Statement: The London Mathematical Society (LMS) is a registered charity for the advancement, dissemination and promotion of mathematics in the UK and worldwide. Personal data provided on this form will be processed under the legal bases “Contract” and “Legitimate Interests” and will be used by the LMS to process your nomination, and if successful, to administer your place on the Summer School. Personal data on this form will be shared with the local Summer School Organising Committee at the University of Leeds and with your institution as part of the assessment of the nomination and the organisation of the Summer School. You have the right to access any of your personal data and to object to processing of personal data. For further information on how the London Mathematical Society handles personal data, please see our Privacy Notice: <https://www.lms.ac.uk/privacy-notice>
