

WOMEN IN MATHEMATICS DAY 2011

The next Women in Mathematics Day will be held on **6 May 2011** at De Morgan House, 57-58 Russell Square, London, WC1B (Nearest tube: Russell Square). Sessions will include talks by women mathematicians in a variety of appointments and at different career stages.

The Women in Mathematics Day is an annual event organised by the London Mathematical Society for women in mathematics to meet together for a day of talks and discussion groups. This event is aimed in particular at postgraduates, final year undergraduates and those at an early stage in their career, and provides a valuable opportunity to meet and talk with women who are active and successful in mathematics. Participants from previous meetings have found this opportunity useful and beneficial.

While women are especially encouraged to attend this day, men are certainly not excluded.

Any postgraduates, postdocs or research assistants wishing to give a talk during the afternoon session or present a poster should contact Peter Clarkson (P.A.Clarkson@kent.ac.uk)

To encourage high quality posters, a £50 book token will be awarded for the poster that is judged to be the best Women in Mathematics Day Poster 2011.
