## LMS PUBLICATIONS FOR MEMBERS

**5.** The pricing structure also allow individual members to access *Bulletin*, *Journal*, *Proceedings* of the LMS and *Nonlinearity* online, free of charge. From 1 January 2017, only current subscribers to print copies with online access to these journals*,* for personal use only, may continue to subscribe at a substantial discount.

Subscriptions to *Bulletin*, *Journal* and *Proceedings* of the LMS are administered by Wiley.

Subscriptions to *Nonlinearity* are administered by the Institute of Physics.

In common with other mathematical societies, the Society regards a subscription as for personal use only if:

**a.** issues are either destroyed or held on a continuing basis among the member's personal belongings, and are not deposited even temporarily in a library, common room or other public room, and

**b.** issues are accessible to other mathematicians (or to students) only with the member's permission, given individually in each case, and

**c.** electronic subscriptions are only for personal use and may not be made accessible to other mathematicians.

Issues are the personal property of members, who would be able, without negotiation with authorities, to take the issues with them if they left their present institution or to give them to another individual who is willing to abide by these terms.

**6.** The Society reserves the right to discontinue the supply of periodicals to members whose subscriptions remain unpaid by *1 December 2016* (where the subscription arrives after 1 December, then back issues will be supplied but with some delay).
